Comprehensive Web based-Online solution
for the
Schools, Alumni, & parents all through Web interface

ELIXIR™ 360°
We give you the NET edge

As we prepare the younger generations for the future, we cannot ignore the technological changes happening around us that are going to dominate all spheres of our lifestyle tomorrow. The technological seeds sown today will reap benefits in the short & long term, giving you the Net edge over competition.

Elixir Netcom solutions Pvt. Ltd. offers solutions designed specifically for educational institutes. We offer a complete range of scalable solutions to manage daily administration; planning & resource management to Web based inter-active options.

Integrated solutions that allow the management, faculty, students, & parents to interact directly one-on-one or many, through a single simple Web based interface.
